Manifesting 101 & Beyond is the easy way. These original essays are from the popular electronic newsletter series by Susan James and contributors who specialize in the application of the mechanics of energy/spirit to our lives. As James says, We've been taught to do it backwards and there's a much easier way! Manifesting 101 & Beyond helps the reader understand the mechanics of how life really works, instead of how he or she is taught that it works. James assists the reader in the understanding of pure attention versus "focus and just do it." Included in the writings are ideas and evidence of how to "do it," without so much "doing." The application of these energy tools provides shortcuts to better lives, lifestyles and businesses.
