

Lego (Spanish Edition)

Una serie de brutales asesinatos cometidos sobre mujeres, ponen en jaque a todo el departamento de policia de Ciudad de Mexico. El asesino, un hombre perturbado, pero a la vez inteligente y habil en extremo, quiere poner en practica los experimentos desarrollados por los medicos nazis durante la II Guerra Mundial con un solo fin: DEVOLVERLE LA VIDA A LA MUJER QUE OCUPA SU MENTE, pero realmente sin saber si lo que siente por ella es amor, o un odio descomunal, es un metodico cazador que no parara hasta ver completada su obra compuesta por diferentes piezas que conforman un todo. Dos policias son asignados al caso, Gabriel Salazar y Polo Guzman, quienes a pesar de ser fieles companeros y grandes amigos, son distintos en todo, pues uno es un amoroso esposo, y el otro, un sadico drogadicto que disfruta de visitar a Sasha, una experimentada prostituta. Alina, una creacion de la desequilibrada mente del asesino, lo tortura y seduce todas las noches, mientras le recita poemas y canta sugestivas melodias, exhortandolo a seguir despedazando gente para que ella puede regresar a la vida. Como buena trama, el escritor nos lleva a un final tenso y a contrarreloj, donde la lucha del poder politico toma cartas en el asunto y se exponen de manera cruda los actuales intereses economicos y la corrupcion que todo lo salpica.
