

Legion of Thunder (ORCS: First Blood, Book 2)

War is throwing the land of Maras Dantia into chaos. As the armies gather and the magic leaks away from the land Stryke and his warband of orcs are on the run from everyone; from the orcs that Jennasta has sent after them and from the humans who will kill any orc on sight. Strykes quest for the artifacts that will secure the destiny of the orcs and, if they but knew it, all the races old and new in Maras Dantia, has never been more urgent and more difficult. As the net closes in and his troopers fall one by one to foes that even they never imagined in their worst dreams, time is running out for Stryke, for all orcs and for Maras Dantia.
