

Venturing Through The Unknown: A Fantasy Adventure Novel

A Fantasy Adventure Novel Although Blaine and Rachel are highly gifted young individuals, they both work dead-end jobs, still struggling to find their place in the world. When they first hear about a portal that leads to another realm, they have a hard time believing it, but out of desperation, they cling to the possibility of it being true. Soon enough, they each get the opportunity to step through. Upon entering the largely unknown realm, they each go on their own path of discovery, trying to make sense of everything. But when problems arise, they find themselves in the middle of a life and death battle that will test them at their very core.
